

YDN BOSS Details page

This is your **BOSS APP ID**. Use this for Support questions

The screenshot shows the 'BOSS Details' page for an application named 'The amazing music app'. At the top, there's a notification: 'Your API Key has been approved! This Api allows you to write an application that interacts with OAuth-enabled Yahoo! APIs. Please proceed to the [BOSS Setup](#) to complete the payment information to use this API'. Below this, the application details are shown: 'The amazing music app', Application ID: 4rEIMg7e, Last modified 0 minutes ago. There are tabs for 'APIs and Services' and 'Details', with a 'Delete Project' link. Under 'Authentication Information: OAuth', the following details are listed: Consumer Key: dj0y0mk9RGV1VXLLcnMOb00x0mQ9Mvdr0U51SkZ1RTFuTjJVb6MNHbz1NVF0uTmPdnd05qQTJM, Consumer Secret: 05d200fae18235d6ad144d32ced414acd80ce6e2, Application URL: http://beta.music.yahoo.com, App Domain: beta.music.yahoo.com (with a 'Verify Domain' button). The 'BOSS' section shows 'YAHOO! SEARCH BOSS' with 'BOSS Setup' and 'Disable BOSS' buttons. A warning message states: 'No Billing Information has been provided. The API will not work until you complete this step.' Below this is the 'API Usage' section with a date range selector (From: 2011-03-27, To: 2011-03-27) and a 'Download CSV File' button. The 'Permissions' section lists 'delicious social bookmarking' as a permission.

Do **NOT** Click here. This will delete your project completely

Confirmation Page / BOSS Project Page

The screenshot shows the 'Setup BOSS' confirmation page. At the top, it says 'YAHOO! DEVELOPER NETWORK' and 'YAHOO! SEARCH BOSS'. Below that is the heading 'Manage your billing information and advertising configuration'. A navigation bar contains links for 'Setup BOSS', 'Manage Billing', 'Manage Account', 'BOSS Documentation', 'Support', and 'Forum'. A progress bar shows three steps: 'Step 1: General Information', 'Step 2: Product Details', and 'Step 3: Legal History'. The main content area features a congratulatory message and a list of five instructions. Callout boxes provide additional context for various elements on the page.
